DETAILED ACTION

Response to Amendment

Applicant's arguments filed 01/28/08 have been fully considered but they are not persuasive. The response and the Declaration submitted by Applicant do not overcome the rejection made by Examiner in the last office action .

Claims 1-7,20,21,23 and 24 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over JP-2002-235242 or JP-2001-146641 or EP 1116752, they are pf record on 1449.

The rejection is maintained for the reasons as stated in the last office action and for the following reasons:

The following position is taken because the instant claims are read as broadly as possible. Limitations or Remarks as to how the polyketone fibers are produced to have the claimed properties are not read into the claims. The claims as presented are included in the broad teachings of the references since they are read on a polyketone fibers produced from any methods having the claimed characteristics.

Note that Applicant's arguments are based on the products by process to have the claimed properties in that the instant claims are the claimed products by itself, and at least JP'242 and JP'134 disclose the claimed properties such as tensile strength, tensile elastic modulus---

If Applicant intends to disclose the unexpected characteristics of the polyketone fiber products by using specific steps of the process, then the steps and conditions must be amended into the claims.

In the case if claims 1-7,20,21,23 and 24 are in condition for allowance, claim 22 will be rejoined and be allowed also.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
